2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

The Howard County Department of Community Resources and Services(DCRS) is the Collaborative Applicant for the Continuum of Care (CoC) and Recipient organization for most of the Projects funded through the CoC. Since the mid-90's the CoC have been working to promote community-wide planning and strategic use of resources to address homelessness, improve coordination and integration with mainstream resources, and improve data collection and performance measurements. DCRS is also the Lead Agency for the HMIS. The CoC Board's Rating and Ranking (RNR) Committee establishes targets for federal, state and local funds to ensure grants are spent in a timely fashion. The RNR works closely with the Recipient organizations and subrecipients to provide oversight and guidance in the implementation of CoC-goals. The RNR reviews monitoring, assists in developing action plans to remedy poor program performance (including slow spending), reviews/ranks CoC project applications, and determines allocation of other homeless services grant funds.

The Recipient has extensive experience in OMB circulars, the Interim Rule, and other state programs that support the CoC program (including state-funded ESG). DCRS also grants \$1.3 million in local homeless funds to support the goal to end homelessness and is positioned to continue expanding resources to best end homelessness in Howard County.

The Subrecipient selected for this project is HopeWorks of Howard County, Inc., the county's only domestic and intimate partner violence nonprofit. HopeWorks is a direct recipient of both VAWA and VOCA federal grants, and is a pass through subrecipient of ESG (federally funded through the State of Maryland). HopeWorks has been effectively operating federally funded grant programs, exceeding their program goals for safe sheltering and is incorporating rapid rehousing into their safe housing programs for persons fleeing domestic violence. HopeWorks was part of the PILOT programs of ESG-funded Rapid Rehousing in Howard County and has been a pivotal partner in expanding rapid rehousing to persons fleeing domestic violence.

Both DCRS and HopeWorks are well equipped and experienced to meet the administrative requirements of CoC funding and both have refined financial processes in place to monitor and track all federal funds. The Recipient in partnership with HopeWorks will identify match funds from a variety of sources, including but not limited to, the County's homeless grant funds and in-kind sources. The partnership established is the premise the CoC is seeking to implement and operate a successful project where households fleeing domestic violence and their families are housed quickly and safely, provided supports to maintain their housing, and linked to local resources and benefits to increase

their self-sufficiency as housed members of our community.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

DCRS actively pursues federal and state funds to support the goal of ending homelessness in our community. The County contributes approximately \$1.3 million annually for case management, a housing locator, local subsidies, addictions treatment, workforce development, and public school resources for families with children. Local funds are collectively referred to as "Plan to End Homelessness (PEH) Grants," as they are designed to support the local Plan to End Homelessness and fill gap areas to end homelessness. All CoC and State funded programs are supported by PEH grants and assist in increasing number of persons exiting homelessness and becoming stably housed. DCRS also has a longstanding partnership with United Way of Central Maryland (UWCM) to create programs to end homelessness in Howard County. The leveraging capacity of DCRS will continue to benefit all CoC project funds including all renewals and this new project. HopeWorks prides itself on being innovative in program development and continually seeks opportunities to expand services to existing programs. HopeWorks is also a Grantee of the local Community Service Partnership (CSP) grant program and applies for a variety of state and federal funds to bolster Emergency Shelter, Longer Term Shelter and Rapid Rehousing services to victims of domestic violence, sexual assault and human trafficking. HopeWorks is in a strong position to continue leveraging resources to meet the needs of survivors of domestic violence, sexual assault and human trafficking who are also experiencing homelessness, homeless to be served in this new program.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

The Office of Community Partnership's (OCP) is the Office designated by the Howard County Department of Community Resources to administer the CoC program. On staff in the OCP is the CoC Manager and HMIS Administrator both who report directly to the Office Administrator. The CoC Manager administers all CoC and State homeless grants and provides technical assistance to ensure compliance and program outcomes are in line with the County's Plan to End Homelessness and HUD goals and outcomes. The HMIS Administrator works closely with all homeless programs to ensure high data quality and entry of UDEs. Annual monitoring is completed with the CoC Manager, HMIS Administrator and the Department's Fiscal Officer/Grant Specialist to ensure data entry, program regulations and fiscal procedures are being properly performed. Expenditures are reviewed and verified by OMB Circular guidance and program regulations. The County uses the SAP financial system. The CoC Manager reviews invoices that are submitted for reimbursement and checks programmatic guidelines based on Grant Agreements and validity of backup documentation. After prepared for payment, the invoice is then reviewed by three separate staff persons: the first enters into the SAP system, the second approves the payment, and the third completes the HUD draws in LOCCS (or submits the reimbursement request for homeless State funds). The Director of Residential Services at HopeWorks will work closely with the CoC Manager on

administering a tenant-based rental assistance (TBRA) Rapid Rehousing program, the HMIS Administrator for accurate and timely entry into HMIS. The CoC Manager will works with HopeWorks' Grant Manager on identifying eligible expenses, tracking against budget line items, and submitting timely invoices, and preparing all reports.

HopeWorks is submits current grant (state-funded) monthly invoices on time, and will be able to to ensure that DCRS is able to draw in LOCCS at least quarterly. In addition, the CoC Manager works with the Grant Manager and Director of Residential Services and answers questions on eligible grant expenses. The CoC Manager and HMIS Administrator are available by phone and email and provides in-person training.

4a. Are there any unresolved monitoring or audit findings for any HUD grants(including ESG) operated by the applicant or potential subrecipients (if any)? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

HopeWorks (HW), founded in 1978, has 40 years of experience assisting victims of domestic violence (DV) and has served as the county's rape crisis center for the past 9 years. HW's mission is to support and advocate for people in Howard County affected by sexual and intimate partner violence and engage the community in creating the change required for violence prevention. Interventions include hospital accompaniment, legal advocacy/representation, counseling, residential programs, and a new behaviors abuser intervention program. There are no barriers to program entry such as income, gender, orientation, substance abuse, mental health, employment status, ethnicity, immigration status or state or county of residence. The CoC and HW work with the Office of Human Trafficking Prevention to expand awareness of both DV and human trafficking (HT) and access to safe housing. HW has an Anti-Trafficking position who coordinates resources to elevate the recognition of the problems existing within the county and to provide services to victims. RRH will be available to both DV and HT households in the CoC through HW. Shelter and Rapid Rehousing at HW have one eligibility requirement: an individual or family member has become homeless due to violence and that secure shelter/housing is needed due to on-going violence or threats of violence.

HW will assist clients in Shelter with RRH who lack the resources needed to return to housing of their choice. Lacking financial resources often results in a survivor returning to tenuous or temporary housing upon exiting Shelter; RRH will allow families to gain their own housing and provide supports to keep them independent. A community-based Housing Locator takes warm referrals from HW, and assists clients to find housing by connecting to landlords who are amenable to renting to persons with no/low income, poor credit and rental arrears. They are offered Landlord Guarantee Program, an insurance-like incentive, offering up to \$3,000 if households vacate or damage the property.

HW adheres to HUD guidelines for category 4 homeless status and guidelines for continuing to provide RRH. Initial eligibility evaluations are conducted for all clients, and re-evaluations are conducted at least annually. HUD income guidelines will be verified at annual recertification to ensure clients do not have incomes more than 30% of AMI. Four RRH households will be: assisted in locating housing that allows them to work towards independence; provided a step-down rental assistance subsidy; and provided with the minimum amount of rental assistance necessary to stabilize in housing. Client and outcome driven supports will help clients obtain entitlement benefits, mental and medical health services, job/educational and child care services. Notably, from 10/2016-8/2018, 72% of HW RRH moved into their own housing within 30 days. Of those who were served over 90 days in RRH, 88% had a positive housing destination upon program exit.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the

following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple structures, complete one column for each structure.

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

1. Applicants requesting funds to provide housing or services to children and youth, with or without families, must establish policies and practices that are consistent with and do not restrict the exercise of rights provided by subtitle B of title VII of the McKinney-Vento Act (42 U.S.C. 11431, et seq.), and other laws (e.g. Head Start, part C of the Individuals with Disabilities Education Act) relating to the provision of educational and related services to individuals and families experiencing homelessness. Projects serving households with children or youth must have a staff person that is designated to ensure children or youth are enrolled in school and connected to the appropriate services within the community. Reminder: failure to comply with federal education assurances may result in Federal sanctions and significantly reduce the likelihood of receiving funding through the CoC Program Competition.

Please check the box that you acknowledge you will be required to meet the above requirements if you have any qualifying participants.

2. Describe how participants will be assisted to obtain and remain in permanent housing.

All of HW agency and program policies have adopted a trauma-informed approach and focus their wrap-around services around the person they are serving to support stability in community housing. HW provides trauma experts to comprehensively address safety and security needs of each victim, and prevent participants from experiencing fragmented service delivery and negotiating multiple, complex systems. HW provides a wide range of in-house supportive services and has community partners to increase access to services to assist participants to remain in housing of their choice. Programs include: Case management and advocacy; job skills and career enhancement; transportation assistance; parenting classes; Success in Style (business attire); referrals to substance abuse treatment; therapeutic assessments, clinical/psychiatric treatments, and therapy groups; Legal representation/court accompaniment; and free child care for counseling, support groups or legal appointments.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

homeless individuals. Case managers are necessary to facilitate, coordinate and negotiate with the various service providers to ensure clients have access to the services they need to transition into their new lives successfully. HopeWorks victim advocates provide daily interaction and formal case management sessions as requested. Comprehensive case management services are provided to all women and children in the rapid rehousing program,

and cover needs such as health and mental health care, employment training and job search assistance, permanent housing resources and other areas of assistance that will allow women to return to independent living and self-sufficiency.

HopeWorks residential case managers who work with households in the rapid rehousing program will ensure that the household is connected to each mainstream benefit they are eligible for, including but not limited to, SNAP, Temporary Cash Assistance, and SSI/SSDI (and the state temporary disability assistance program, TDAP, while federal benefits are pending), and as applicable within the limits of the households' legal proceedings, accessing child support.

Many clients of HopeWorks who enter emergency shelter or rapid rehousing are unemployed due to the power and control exerted by their abusive partners. Those that are able to obtain employment do not tend to have high-paying jobs or the skills to obtain such employment. On average, 80% of HopeWorks clients had incomes below the Federal Poverty Limits. To meet the needs of clients, residential case managers connect those clients with employment and career programs such as Pinnacle and Career Links based in the community. HopeWorks will also provide transportation to job interviews and health related appointments. HopeWorks also provides cab vouchers and bus tokens. HopeWorks broad array of in-house support services and partnerships with community-based partners contribute to each household becoming more independent and establishing a safe and stable environment in their own home. Funds requested through this application will ensure that more households fleeing domestic or intimate partner violence have access to the rehousing resources they need, and the supports to increase their employability and income, to maintain their housing safely and free of violence.
